

Invermig 315

- Drag motor with 4 rollers;
- Waveform control for better arc stability, even at low current;
- Equipped with temperature, voltage and current sensors for greater protection;
- Optional Spool Gun

⇒ Opção para INVERMIG 315 – SMART TOOLBOX

Modelo	Invermig 315
Supply voltage (V)	3~400
Rated input capacity	11
Input current range	24
Effective current (A)	15
Duty cycle (40°C 10 min)	40% 315A 60% 250A 100% 200A
Welding current range	50~315
Welding voltage range	13.5~30
No-load voltage (V)	53
Protection class	IP23
Insulation class	H
Frequency (Hz)	50/60
Cooling	AF
power factor	0.7
Weight (Kg)	25
Dimensions (mm)	618x240x445
Wire diameter (mm)	Fe:0.6/0.8/0.9/1.0/1.2 Ss:0.8/0.9/1.0/1.2 Fux:0.6/0.8/0.9/1.0/1.2
